Big Contract Secured By Paris Milling Company.

The Paris Milling Company, one of the largest milling companies in this section of the country, on Saturday, secured the contract to furnish the State Penitentiary, at Frankfort, flour for the next six months. There was a large number of competitors and the contract was awarded solely on account of quality. It will take from one thousand to twelve hundred barrels to fill the contract. This goes to show that Paris not only has one of the largest enterprises in the country, but that they are turning out the best grades of goods that are made.

GIBSON & CRAWFORD FIRED

Before Getting the Bounce, They Served Another Notice On Committee.

The Fiscal Court met yesterday pursuant to adjournment ten days ago, when they gave Gibson & Crawford a ten-days notice to put more experienced and skilled men to work and push the Court-house to completion, or turn the job over to the county.

The meeting yesterday was to act on said notice. 'Squire Ball made a motion to give Gibson & Crawford further time—until Monday next. 'Squire Thomas then made an amendment, giving them three days in which to turn the job over to the county.

The vote was called for on the amendment and resulted: Yeas—Thomas, Howell, Anderson, Barlow; Nones—Hopkins, Ball, DeJarnett, Ingram. This made a tie vote and Judge Smith voted yea.

This, of course, settled the matter and Gibson & Crawford are giving three days to turn everything over to the county.

We have tried to give only the facts without comment as our space is limited this time.

Before the meeting of the court Gibson & Crawford served the following notice on the Building Committee:

PARIS, KY., August 8, 1904.
To the Building Committee Bourbon Co., Mr. J. Wm. Thomas, Chairman:

DEAR SIR:—It is our painful duty to again call your attention to the North wall and piers upon which the large girders that span the court room rest. Since our notice to you of July 14, one of the piers has swayed outward and at this time shows a very distinct and visible crack. Regardless of the examination and report made by the gentlemen whom you had to examine this work, it has cracked as you were informed that it would do, but we deem it our duty to notify you of this crack and the imminent danger resulting therefrom while there is yet a possible chance of keeping the building from falling to the ground. The responsibility of this has already been placed with you, but we believe you should examine this yourself, as we have invited you to do, and we invite you again, and every and any one else, that has the best interest of the county at heart to inspect the same and see the facts as they are to-day.

Very Respectfully Yours,
GIBSON & CRAWFORD.

An Interesting Game.

A very interesting game of baseball was played at Bacon's Park Sunday afternoon between the Paris regular team and a fast team from Ford, Ky. There were about 500 people present, by far the largest crowd of the season. Many brilliant plays were made on both sides, but the invincible pitcher of the Paris nine, Cooper, held the Ford boys down to 2 runs, while the home boys made 8.

MATCH GAME SUNDAY.
A match game is being arranged between the Regulars and the Picked Nine that defeated the Y. M. I. team, of Lexington, here last Sunday afternoon. If the match is successfully arranged, the fans may expect the most exciting game of the season.

Lost Her Life in Trying to Save a Dog.

In an attempt to rescue a dog, which she thought to be in danger, Mrs. Miranda Evans, sixty four years old, wife of R. T. Evans, was struck and instantly killed Saturday afternoon by the 4 o'clock interurban car coming to Paris. The distressing accident occurred at stop No. 21, just five miles from Lexington. Mrs. Evans in company with Mrs. D. Wiseman and Miss Lorena Evans, was standing in front of Mrs. Wiseman's house buying vegetables from the wagon of a vendor named Isom about a quarter after four o'clock. They saw the car coming and stepped away from the track behind the wagon. The mortorman gave the whistle for the station some distance away, and Mrs. Evans espied a dog belonging to Mrs. Wiseman on the track, and started back after it. Her daughter shouted to her to look out for the car, and when she stooped down to take the animal off the track, the car struck her and knocked her thirty-four feet and against a telephone pole.

Mrs. Evans' back and thigh were broken and the skull crushed above the left ear. Dr. Young, of Lexington, expressed the opinion that contact with the telephone post produced the fatal injuries. It is a coincidence that in two deaths caused by the interurban car, a dog should have been the direct cause. It will be remembered that Bud Johnson, the negro who was killed at Warrentown in the winter, was watching a dog fight and did not hear the approach of the car.

The Regular Saturday Night Burglaries.

Saturday night, between the hours of 12 and 3, burglars effected an entrance into the residence of Sherman Stivers, on Eighth street, relieving Mr. Stivers of about \$7.50 in coin, which was in his pants near his bed, and carried off two new pair of slippers belonging to his daughters, Misses Mattie and Ruby Stivers.

They effected an entrance by prizing open the window shutters, then lifting out the wire screen. Their access was easy. Though sleeping every night with a pistol under his pillow, Mr. Stivers says he heard nothing of the midnight intruders. Other residences on the outskirts of the city were visited, including George McWilliams' and Mrs. Wilmoth's, and several on South Main.

That there is an organized gang of robbers in the city "goes without saying." Not a week has passed since the first of January that from one to a half-dozen residences, and in some instances stores on Main street, have been broken into and money, jewelry and other valuables taken, and women and children frightened.

The work goes on, and yet no one is caught—no clue that would lead to the arrest and conviction of the robbers. If the police force, and THE NEWS desires to say that Paris has as an efficient set of police officers as any city of its size in the State, is not sufficient to patrol the city at night and successfully bring to justice this organized band of pillagers, then the city authorities should see to it that ample protection is given our citizens.

The Long Lost Found.

Mr. J. R. McChesney, of this city, on December 24, 1902, lost his very valuable watch and reported same to the Louisville detective headquarters, he then living in that city. He never heard of his watch until Saturday, when Chief of Detectives Sullivan notified him that it had been found in a pawn shop. The watch was one that had been presented Mr. McChesney's father, Mr. F. L. McChesney, of this city, by Col. Bennett Young, his old friend, in 1865, and was prized very highly.

We now have hopes of Col. Craddock finding his watch lost on the old fair grounds about fifty years ago.

Fine Bourbon County STOCK FARM FOR SALE.

As Administrator of G. G. White, deceased, and agent for his heirs, I will, at 11:30 o'clock a. m., on

Monday, September 5, 1904,

offer at public sale, in front of the Court-House, in Paris, Ky., the fine Bourbon County farm known as the Gilt Edge Stock Farm, the property of the late G. G. White, situate on the Paris & North Middletown Turnpike, near the City limits of Paris, and containing 547½ acres of land.

This is a No. 1 Bourbon County farm. It is all under cultivation except about 150 acres of virgin soil, which is heavily set in bluegrass, making splendid grazing and is unexcelled for tobacco. Plenty of stock water in dryest season. Has benefit of creek boundary, but no creek included in survey. No part of farm overflows. Creek line furnishes unfailing stock water and saves fencing.

The farm residence is one of the best in Bourbon County, being a large 2½ story brick house, colonial in style, with front veranda supported by massive columns which rise to the eaves of the house. Rooms and halls spacious and well lighted. Cellars large, light and dry. Interior finish largely in hardwood.

Two first-class cisterns at residence, and all necessary outbuildings. Splendid stock barn with large number of box stalls, and good training track. Paddocks with good stallion stables adjoining barn, and an inexhaustible artesian well at the barn door. Everything in fact for a first-class stock farm.

Also, A GOOD TWO-STORY FRAME RESIDENCE

of 6 rooms and front and back porches. The Paris Distillery Company has for years past paid \$300.00 per year for privilege of pumping water from Stoner Creek, and \$300.00 per year for depositing offal from cattle pens in the natural basins near the Distillery. The purchaser can probably continue these privileges—either or both—indefinitely, adding \$600.00 to annual income from the farm.

This farm is well suited for the large handling of cattle because of proximity of distillery.

I will first offer the farm in two parts and then as a whole, reserving the right to accept or reject any bid.

Division No. 1 contains 271.93 acres, including the brick residence, stock barn, track, and all adjacent improvements, and fronts on the North Middletown pike and extends back to Stoner Creek, and is bounded on one side by G. W. Wyatt, and on other side by Division No. 2. This tract contains the natural basins in which the distillery deposits offal from cattle pens, paying \$300.00 annually for the privilege.

Division No. 2 contains 275.70 acres, bounded by the Distillery property on the North, by the Maysville railroad and Stoner Creek on the West, by Stoner Creek on the South, and by Division No. 1 and Stoner Creek on the East. The frame residence is on this tract, and the Distillery Company pays \$300.00 per annum for the privilege of pumping water over this tract from Stoner Creek—an income of \$300 per year without injury to the land.

The surveyor's field notes and plat of entire farm and of the above two Divisions may be seen at the Citizens Bank in Paris, Ky.

In event of the farm selling in the above two divisions the right to use the passway from Division No. 2 over the land of Mrs. Frank Fithian out to the Maysville pike, opposite the G. G. White Distillery, in East Paris, will be included in conveyance of Division No. 2.

Purchaser has privilege of seeding the coming Fall, and full possession given March 1, 1905.

TERMS.—One-third cash on March 1, 1905, when deed is made; one-third March 1, 1906; one-third March 1, 1907—deferred payments to bear 6 per cent. interest from March 1, 1905.

The purchaser will not be required to give security for the deferred payments but will be required to give security for the first payment due March 1, 1905, and his notes without surety for the deferred payments, to secure which a lien will be reserved in the deed.

Purchaser may pay more than one-third of the purchase money if preferred.

For further information call on or address the undersigned in Paris, Ky.
